PEC Manufacturing

WARRANTY

PEC Manufacturing guarantees all parts and assembled products against defective materials and workmanship for a period of 1 year or 2000 hours from the date such part or product is put into service.

PEC Manufacturing reserves the right to repair, replace or issue credit for any parts or products found by PEC to be defective in material or workmanship.

This warranty is void if the part or product failure is found by PEC to be the result of an accident, neglect, abuse or improper installation.

All parts or products for which warranty is claimed, must be returned to PEC Manufacturing within the warranty period, with transportation charges prepaid.

This warranty does not provide for labor or other costs incurred by the buyer for removal and reinstallation of part or product covered by this warranty. Buyer assumes full responsibility for such labor and other costs.

Buyer agrees to indemnify and hold PEC Manufacturing harmless from and against any loss, liability, damages or expenses resulting from injury to persons or property, without limitation, due to acts or omissions of the buyer, its agents and employees in the installation, use and operation of products of PEC Manufacturing origin, and shall assert no claim against PEC Manufacturing for consequential damages.

PEC Manufacturing reserves the right to improve its products through changes in material or design without being obligated to incorporate such changes in products or prior manufacture. Any such changes in materials or design cannot be used by buyer as proof of insufficiency or inadequacy or prior material or design.

This written warranty is the only warranty provided by PEC Manufacturing and supersedes all other warranties, express or implied.
